Kim Robbins with DPS reported on the state of ongoing collaborative care efforts in Delaware.

Ms. Robbins reported that DPS had their first Board meeting the evening prior. The purpose of the meeting was to discuss the goals of DPS for the upcoming year.

Ms. Robbins reported that the diabetes grant had ended but another grant was obtained for the upcoming year. The new grant will allow for one more training session for pharmacists to get certified in diabetes management. She will let the Board know when a date for training is set.

Ms. Robbins reported that DPS is working on new grant with American Lung Association to promote healthy lifestyles.

Ms. Robbins reported the concerns of DPS about the state of the profession. Especially in light of all of the large chains cutting pharmacist and support staff hours.

Mr. Kevin Musto, owner of Atlantic Apothecary, reported to the Board that he is looking for pharmacists to help on Saturday, September 28 for an emergency drug distribution drill.

Mr. Musto also reported that on Thursday, October 3rd potassium iodide will be distributed to residents in New Castle. He is also looking for volunteers for this event.

Mr. Musto expressed his ongoing concerns that electronic prescriptions do not accurately convey the location of the prescriber. This is a barrier to patient care if the prescriber needs to be contacted and the pharmacist does not know how to contact that physician.

Mr. Musto also expressed concerns with limitations on narcotic distribution put in place by drug distributors.
